

Tuesday, April 7, 2020

To our valued community, we understand that there is a great deal of uncertainty right now with everything surrounding COVID-19 and how it affects businesses and people in our communities.

At this time, our storefronts still remain temporarily closed for Oakville, Hamilton and Cambridge as we continue to set in place ways to continue providing the services that Greenhorizons is known for and you've come to rely on. Please stay tuned for updates as the situation evolves.

At Greenhorizons and BigYellowBag®, our purpose is to help our customers create greenspace that they can enjoy, that supports infrastructure & housing development and is also useful in home-grown food. All of which seems particularly important today.

We typically start harvesting sod the end of April and guarantee to be going by May 1st. At this point we continue to maintain and prepare our sod crop for harvesting and will monitor the situation daily to determine a reasonable start date to harvest and have sod available.

We know you're relying on us, so we are glad to be resuming deliveries of BigYellowBag orders. If you have placed an order, you will be **notified the day before your rescheduled delivery date**.

You may continue to order safely [online](#) or over the phone at 1-855-424-4224.

We thank you for your continued support during these challenging times and we look forward to welcoming you back once we are safely able to do so.

If you have any questions or concerns, please contact us at: 1-855-424-4224.

Stay Well,

A handwritten signature in blue ink, appearing to read "Steve Schiedel", is written over a light blue rectangular background.

Steve Schiedel
President, Greenhorizons Sod Farms
