PROXSTABLISHMENT™

GREENHORIZONS TURF MANAGEMENT

The Passion for Turf

ProXstablishment is an additional service Greenhorizons Sod Farms can supply to guarantee the complete establishment of sod after the installation and first watering of sod. Any experienced turf manager can tell you that site preparation and laying the sod is only half of the job. How the turf is managed just after installation can drastically affect time-to-use or sign off of the site.

The crew at Greenhorizons welcomes the opportunity to use their knowledge and resources from years of producing and installing sod; using; proven fertilizer blends, specialized mowers, irrigation equipment and custom installation machinery and utilizing the massive knowledge base of their many key employees.

If you have a large area to be constructed or renovated, but you lack the available resources to the job , then the ProXstablishment service is the perfect solution. When every day of the growing season counts, why waste a moment struggling? The key element of establishing sod successfully is taking full advantage of every growing day in the season; the ProXstablishment service accomplishes this.

The service includes:

- Site installation logistics
- Water infrastructure and management
- Soil testing and pre-plant fertilization
- Minimum of two additional fertilizer applications
- Mowing 2-3 times a week

Guaranteed results

After the service period you are guaranteed to have turf that is:

- Healthy
- Lush
- Vigorously growing
- Shows no visible seams or gaps
- Greenhorizons Sod Farms takes full responsibility of the end result of the establishment of sod on the site

The Passion for Turf
